

1 Welcome - everything you are get... onboarding_services_welc...
The first email a new client gets: every service they bought, their contact, and what happens next.
SUBJECT Welcome - here is everything you are getting

2 Website redesign is live service_website_redesign_live
Launch day. Says the new site is up and that old links still work.
SUBJECT Your new website is live

3 Headless architecture is live service_headless_live
The invisible rebuild, explained as the three things the client will notice.
SUBJECT Your site now runs on its new foundation

4 Landing page is live service_landing_page_live
A single-offer page published, and what it is counting.
SUBJECT Your "Autumn service offer" landing page is live

5 Maintenance & security started service_maintenance_live
The care plan: updates, backups, monitoring, and how to reach us.
SUBJECT Your website care plan is live

6 Knowledge chatbot is live service_knowledge_chatbot_live
The website assistant, with its limits stated as a feature rather than a disclaimer.
SUBJECT Your website assistant is answering questions

7 LLM chatbot is live service_llm_chatbot_live
The upgrade email: it now understands ordinary phrasing and remembers the thread.
SUBJECT Your assistant can now hold a real conversation

8 Automation & CSR is live service_csr_automation_live
After-hours cover, written as cover rather than replacement, with what it will not do.
SUBJECT Your front desk now answers after hours

9 Human handoff is live service_human_handoff_live
When the assistant steps aside for a person, and who sets those rules.
SUBJECT A real person is one step away

10 SEO work started service_seo_live
Search work underway, with the honest eight-to-twelve-week timeline in its own box.
SUBJECT Your search work has started

11 Google Ads + LSA are live service_google_ads_live
Paid search live, budget capped, and a warning that the first fortnight looks expensive.
SUBJECT Your Google Ads are live

12 Meta ads are live service_meta_ads_live
Facebook and Instagram live, and why likes are not the measure.
SUBJECT Your Facebook and Instagram ads are live

13 Social & reels started service_social_reels_live
The content calendar is running, and nothing publishes without approval.
SUBJECT Your social calendar is running

14 Email marketing is live service_email_marketing_live
Welcome sequence running, with deliverability explained in plain words.
SUBJECT Your email marketing is switched on

15 CRM integration is live service_crm_integration_live
Enquiries land in one system automatically. The end of re-typing.
SUBJECT Your enquiries now land in one place

16 Dashboard is ready service_dashboard_live
One screen with the numbers that matter, updating on its own.
SUBJECT Your dashboard is ready

17 Analytics is live service_analytics_live
Tracking in place, and why every later report depends on it.
SUBJECT Your tracking is in place

18 Monthly reporting started service_monthly_reporting_live
Sets the shape of every monthly summary the client will get from now on.
SUBJECT Your monthly reporting has started

19 Accessibility improvements ar... service_accessibility_fixes_...
The fixes shipped, led by the customers they let back in rather than by the law.
SUBJECT Your accessibility improvements are live

20 Accessibility review finished service_accessibility_audit_live
The WCAG review, with the score panel and why a low first score is not a scolding.
SUBJECT Your accessibility review is finished

21 **Technical support is open** `service_tech_support_live`
One way in, one named person, one reply time. Said once and clearly.
SUBJECT Your support line is open

22 **AI context updated** `service_ai_context_update_live`
The monthly refresh that stops the assistant quoting last year.
SUBJECT Your assistant has been brought up to date

23 **API maintenance started** `service_api_maintenance_live`
The connections between tools are watched, so enquiries never stop arriving unnoticed.
SUBJECT Your connections are being looked after

24 **Step 1 - Audit ready** `engagement_audit_ready`
The findings, unsoftened, with the quick wins pulled to the front.
SUBJECT Your audit is ready

25 Step 2 - Plan ready engagement_plan_ready
The roadmap, with an expected return and a date against every line.
SUBJECT Your plan is ready

26 Step 3 - Build started engagement_build_started
Work underway, who is leading it, and when the client sees the first piece.
SUBJECT We have started building the new website

27 Step 4 - Progress digest engagement_optimize_digest
The recurring one: progress bar, what was done, what is next.
SUBJECT Your progress this week

28 Ads update (recurring) update_ads_performance
Monthly advertising summary: spend, enquiries, cost each, and what we are changing.
SUBJECT Your ads last month

29 **SEO update (recurring)** `update_seo_ranking`
Monthly search summary: positions, movement, traffic, and what is next.
SUBJECT Your search results last month

30 **Assistant update (recurring)** `update_chatbot_performance`
Monthly assistant summary, including the questions it could not answer.
SUBJECT Your assistant last month

31 **Accessibility update (recurring)** `update_accessibility_score`
Monthly accessibility score against the standard, and what it protects.
SUBJECT Your accessibility score this month
